LABEL PROTECT®

French Design

Product Overview

French design

When our design director founded the Sensis company, they had to ensure to stand out from the competition and remain innovative. In order to achieve that, they decided to join passion and creativity for wine.

“Designed by and for wine collectors.”

Together with wine professionals, Sensis continues to develop products that answers problems, which have as goal to set new standards to the industry. All Sensis products are designed in France, and this value is kept as Sensis promise.

LABEL PROTECT®

Specifications

Self Adhesive

Label protection will stick to the bottle surface without any glue.

360° Safeguard

Static film wraps around the bottle diameter to ensure full protection.

Leave no Trace

Electrostatic film does not leave stains.

Enhanced Grip

The friction applied by grabbing the bottle ensure a better grip.

Seamless Look

As minimal as possible, this design lets your labels be the star.

Universal Protection

This static film is used in many industries to prevent scratches.

Adaptable Formats

The label protect can apply on smaller format or larger formats*.

Protect Investment

Intact wine label ensures that your bottle value does not go down.

“The best way to keep your wine labels protected.”

Instructions

Prepare the bottle you wish to protect, make sure it is clean and dry. Avoid bottle temperature changes that create condensation. Take a LABEL PROTECT® and peel off its back paper.

Start to apply the LABEL PROTECT® on a glass area at minimum 2cm of an edge of the label, press with the palm of your hand to ensure attachment.

While you rotate the bottle to apply thoroughly all around, make sure the whole label is covered. Remove air bubbles with the palm of your hand.

Effective protection against*
